The Platform Operator Guide will set out information on the nature of the Platform, including the risks and costs associated with participation in the Platform. If you have any questions about investing with the Bank through a Platform or about the Platform Operator Guide, you should contact your financial adviser or Platform Operator directly (as applicable).

Labour, environmental, social or ethical standards	BOQ does not take labour, environmental, social or ethical standards into account for the purpose of selecting, retaining or realising any investment relating to TD Facilities.
Cooling-off rights	Cooling off rights do not apply under this PDS. Your financial adviser or Platform Operator can provide you with the conditions (if any) that apply to returning your investment within the cooling off period that applies to your Platform.

#### 2.3 Investing with a Term Deposit Facility (via Platform)

To invest in a TD Facility through a Platform, you must direct your Platform Operator to invest your deposit amount with BOQ on your behalf. You must complete the process required by your Platform Operator who is offering the TD Facilities.

When investing through a Platform, you do not directly become a deposit holder with BOQ for a term deposit. Rather, you are an indirect investor and the Platform Operator invests on your behalf and is the deposit holder with BOQ. Depending on the arrangements governing the Platform, the Platform Operator can exercise or decline to exercise the rights of deposit holder on your behalf.

Platform Operators are required by law to provide a Platform Operator Guide, which will set out how to invest in a TD Facility with BOQ through a Platform. You should review the Platform Operator Guide carefully as it will set out important terms and conditions that apply to your TD Facility and to your relationship with the Platform Operator.

#### 2.4 Operating your Facility

#### (a) Getting information

You should contact your Platform Operator, financial adviser or other intermediary directly for current information regarding your TD Facility.

#### (b) Statements and other information

We will send the Platform Operator statements every 6 months. Your Platform Operator will either make available to you or send to you your statements, reports and other information relating to your TD Facility. You will not receive any information directly from BOQ.

#### (c) Making deposits to your Facility

You should contact your Platform Operator if you want to make deposits to your TD Facility. As you are an indirect investor, it is the Platform Operator that invests for you. The Platform Operator can exercise the rights of a deposit holder and invest or decline to exercise them on your behalf, according to the arrangements governing the Platform and the Platform Guide.

#### (d) Making withdrawals from your Facility

As with making deposits to your TD Facility, you should contact your Platform Operator if you want to make withdrawals from your TD Facility. As you are an indirect investor, it is the Platform Operator that invests for you. The Platform Operator can exercise the rights of a deposit holder and invest or decline to exercise them on your behalf, according to the arrangements governing the Platform and the Platform Guide.

The following conditions will apply to withdrawals from your TD Facility:

- (i) BOQ must receive at least 30 days written notice of any withdrawal;
- (ii) Funds withdrawn will be available 31 days from the date BOQ receives written notice under (i) above, at the earliest;
- BOQ will not process withdrawal requests for Facilities which have 31 days or less remaining prior to reaching maturity;
- (iv) Partial withdrawals will be processed by BOQ on the conditions that:
  - A. the minimum balance of the TD Facility is maintained; and
  - B. BOQ receives 30 days written notice of the withdrawal.

#### 2.5 Interest rates

#### (a) Interest calculations

Deposit interest is calculated on the daily closing balance of your TD Facility using the following formula:

Daily Closing Balance x Interest Rate % / 365

We calculate this interest:

- from and including the day that funds are deposited to your Facility;
- on the daily balance in your TD Facility, provided the balance is equal to or above the minimum of \$10,000.

You will earn a fixed rate of interest on your TD Facility. We provide an indicative interest rate to the Platform Operator based on a given deposit for a particular term. The actual interest rate is determined by us and agreed with the Platform Operator at the time the deposit is made. Your Platform Operator should notify you of the actual interest rate. Interest will be credited to the account you hold as part of your investment in a Platform. The Platform Operator Guide should set out information on how and when the Platform Operator receives interest payments.

#### (b) When we can operate on your Facility

In certain circumstances, we can operate on your TD Facility. For example, we can:

- make drawings on your TD Facility to pay ourselves any fees and charges:
- correct mistakes on your TD Facility;
- determine the order of priority of payments from the funds in your TD Facility; and
- do such acts and things we are empowered to do by law, without any notice to you.

#### 2.6 What happens at maturity of fixed term facilities?

When your TD Facility matures, the balance will be credited to the account you hold as part of your investment in a Platform, unless you direct the Platform Operator to reinvest the funds deposited with us for a further term. The Platform Operator may accept or reject your request on such terms and conditions as it determines.

If your TD Facility matures on a non-Bank Business Day, you can redeem it on the next Bank Business Day. In that case, we will pay you interest for any extra days at the interest rate you would receive if the funds had been reinvested for the same term. If you choose to withdraw the funds before the expiry of the new term, an early withdrawal adjustment is made.

#### 2.7 Fees and Charges

Details of any fees and charges payable to us are set out below.

#### (a) Fees

BOQ will not charge you any bank fees in respect of your TD Facility.

However, your Platform Operator may charge other fees and charges applicable to your TD Facility, which should be set out in the Platform Operator Guide. You should contact your financial adviser or Platform Operator for details of the fee amounts relating to your investment.

#### (b) Government Charges

Description of Tax	Rate of tax
TFN Withholding Tax	46.5% of interest earned*
Interest Withholding Tax (non-residents)	10% of interest earned*

<sup>\*</sup>as varied from time to time by the Australian Taxation Office under applicable taxation laws.

requirements. Our privacy policy contains information about how we deal with your personal information and a copy of our privacy policy can be found at www.boq.com.au.
