Business Performance Saver Account

¹ A Bonus Interest variable rate will only be paid if Bonus Criteria are met in the previous month. Bonus Criteria will be met where both the following conditions are met: a minimum of \$5,000 is credited to the linked Everyday Business Account in the prior calendar month. This excludes amounts transferred from another one of your BOQ Accounts including any Account you may be linked to as an Authorised User or joint Account holder; AND at least 5 direct debit transactions, ATM withdrawals or purchases of goods or services from a Merchant are made in the prior calendar month by using your eftpos Card or BOQ Visa Debit Card associated with your linked Everyday Business Account. This does not include cheques written or deposited, branch cash withdrawals, transfers or payments to any BOQ account or to a non-BOQ account via Internet Banking, in branch or at ATMs, transfer of funds to accounts held at an overseas bank, BPAY payments and pending Visa Debit Card transactions. Transactions that are not settled (are pending) do not count towards the Bonus Criteria. If a transaction is made but settles in the following calendar month then the transaction will be counted in the following calendar month. The variable Base Rate applies to balances over \$500,000. The variable Base Rate always applies in the first month after opening an account. In the first month, Bonus Criteria on the transaction account is measured from the time the Business Performance Saver Account is opened, not the full calendar month even if the transaction account was already existing.
